

teknion emote

teknion

Emote™ transforms the private office into the creative office, one with a fresh look and the freedom to function in multiple ways. Emote is a collection of distinct furniture elements, bringing an expressive quality to the workspace through a palette of paint colors applied to wood. Lighter in scale, this simple yet versatile offering – well-suited to smaller spaces – enables today’s agile worker to move with ease from focused tasks to brainstorming, and transition comfortably from seated to standing postures.

Emote is available in a range of unique finishes that span the spectrum from cool, quiet neutrals to rich, warm tones. The palette surprises and inspires through colored woods while maintaining the natural, tactile appeal of the wood grain. Emote’s color palette allows creative expressions of mood and tone, applied to reflect the user personality and company culture.

04

Emote components offer a new take on traditional private office furniture. Small in scale, the Work Cabinet features a pull-out worksurface, offering a unique alternative to a height-adjustable table while encouraging

individuals to move within the space and change posture. The collection is simple, easy to understand and puts the user in control of their space.

08

01 tables

Tables are available with a height-adjustable base or with solid wood legs, and feature four edge style options.

02 work cabinets

The Work Cabinet features a pull-out worksurface and integrated power, allowing a laptop to be plugged in while working comfortably in a standing position.

03 thought boards

Thought Boards that are both functional and artistically expressive are offered in fabric, magnetic back-painted glass and magnetic wood finishes.

04-06 chroma woods

Chroma Woods, exclusive to Emote, consist of 14 bold and neutral paint colors applied to open pore wood veneer, maintaining the tactical experience of wood through its natural grain texture.

07 organizers

Tray Organizers feature a natural cork liner and can be placed on cabinets or tables to store accessories and personal items. A Power Tray is also available.

08 wall shelf

A thin, metal Wall Shelf can be paired with any of the Thought Board options to display objects or rest work tools.

01 door handle

Hinged doors feature double handles with a front-recess design detail.

02 cabinets

A wide collection of cabinet styles and configurations are offered on an elevated metal base. Finishes are applied to four surface areas to achieve the desired aesthetic.

03 drawer handle

Storage drawers feature long sleek handles and a soft-close.

04 desktop shelf

Accessories such as the Desktop Shelf can be positioned on a desk or cabinet to easily access and organize work tools.

05 triple tower

Available in varied configurations, the Triple Tower brings a residential feel to the private office.
